## Uni Whites Win Carnival

by Martin Aspin

Reining Champions Uni white sent a warning to all other championship wannabe's by winning the pre season carnival. The Whites led into battle by Captain Eric Priebe under the

watchful eye of John Whitehouse beat uni blue in a somewhat spiteful final. The final result 3-1 was a result that flattered the blues as the whites were dominant on the ball and in the war of words (special mention to the twins!).

Uni Whites outclassed the opposition by skill on the ball and that famous stubborn defence. I over heard fans on the sideline saying that was the second most classiest piece of action they had seen. When probed on their first choice they mentioned something about a bunch of drunken soccer players singing at the Casino late September last year!

The carnival was a success for the whites and gave many new players the opportunity to play and meet other players. I will refrain from commenting on the performance of players as the Coach has promised me some words of wisdom in future articles, but just to say it was a great team effort.

## UNI. WHITES - THE CHALLENGE FOR

'99

Ajax Amsterdam, Barcelona, Glasgow Celtic, Kaiserslautern, Juventus, Arsenal, Adelaide University White.....1998 proved to be a most successful year for our club but the greater challenge lies ahead. League and Cup double winners means one thing, we like any sporting team who taste victory are now the benchmark, the hunted team in the Collegiate League. Already this season we have faced determined opposition in Pulteney Old Scholars and PAOC and thus far the club has showed great character to perform well especially with some important players missing through injury, work etc. The challenge still lies ahead...

Last season also provided us with success and enjoyment off the pitch. More social activities, increased fundraising efforts which have enabled the club to spend money in the off season on a new strip and now a brand new fanzine, 'The White Paper', which will keep all involved at the Whites in touch with what's going on. Everyone at the club should be aware by now that we have a major sponsor, 'Worldsend', a great little pub at the west end of Hindley St. Proprietor Evan Katsaros has been generous in his support of The Whites in 1999, (i.e. club jackets), therefore our support by patronising our, 'Club Pub', is extremely important and can only benefit our soccer club. In the first edition of 'The White Paper', you will have read that, 'Worldsend', is a good place to find a Uni. White. To ensure continued sponsorship from Evan it is vital that we are found there as often as possible, this means after games, (win, lose or draw), after training and at any organised club functions. Our very own Todd Eason is a bar manager there so if you are looking for somewhere to eat and drink, (excellent meals

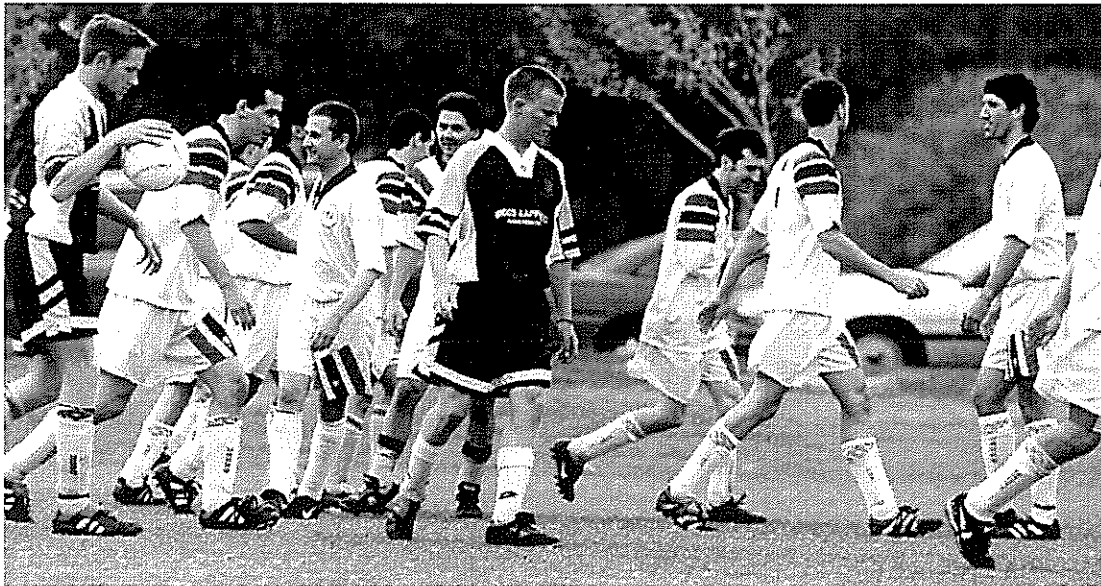

and cold Cooper's), head down to, 'Worldsend', introduce yourself as a Uni. White and I'm sure they'll be happy to look after you. This also shows our sponsor that they are getting something in return for their generosity !

This season for the first time we will have an official committee to oversee the club, mainly in a fundraising and financial capacity and also to organise events held by the club. The committee members are, John Whitehouse (Coach), Martin Aspin (Fanzine Editor), Richard Coburn, Graeme Jackson, Leo Chandiok and Phil Halliwell. This committee is merely a vehicle for the whole club's thoughts, ideas and criticisms, therefore anyone who has a suggestion or burning question regarding anything at the club, e.g. 'Why was the coach seen wearing Fila merchandise at last weeks game ??', can direct it through one of the aforementioned committee members.

Last season The Adelaide Uni. Whites took many steps forward as a club with both on and off field success, but most importantly it was our team spirit and willingness to help each other out which has taken us to where we are currently. To be successful again this season we all must play a part, come to every training, get back to 'Worldsend' after the game and throw your support behind our fundraising!! If we can all take up the challenge for '99 by doing these things and perform to our potential, then we can once again look forward to drinking beer, champagne and vodka out of silverware at the end of the season!!!

## GRAEME'S DIATRIBE NUMBER TWO

I think that the recent uproar in Rugby League has made it high time that I discuss what is, and what is not, acceptable in off field behaviour in professional sports. Considering that at the Uni Whites we are constantly striving to be more professional (despite the league being run by a bunch of amateurs), I believe that the standards we see from our heroes should also be the standards that we live up to.

The good news is, that as a result of the above conclusion, we will all have to start behaving worse than we have been already. For example, I may have a mighty large penis, but you don't see me flopping it out in front of women at team functions. Whilst of course it is true to say that rugby league players are generally cement heads, and that your average soccer player should behave better due to more brains (Uni Blue players and AGUA players excluded), I think some form of parallel behaviour is required. I therefore conclude that at least one function this year I will have to chuck a brown eye. Stay tuned for that folks.

Now, obviously most bad off-field behaviour is related in one way or another to alcohol. Tony Adams of course being the prime example, who was an alcoholic and thought it would be a good idea to drive his car whilst inebriated. To be fair to Tony, he could still

park a car better than Bill Hill no matter what state of total drunkenness he was in. This sort of excess just can not be tolerated at the Uni Whites. We will therefore try to ensure that Danny only has ten schooners in future when he plans to drive his car home ( I can't believe I actually drove with him).

I think one area that we do stack up well to our heroes in, is in the area of bad language. I reckon between myself and John we can rack up close to triple figures in swear words on a Saturday afternoon, mostly directed at the referees of course, who are all inferior human beings and deserve crap being spewed in their direction. We do however have one very weak link in this behaviour and I think we really need to work on Michael Williams during the season. The person who can actually get Michael to say a word which is worse than "garbage" (usually said after one of his wooooooffs goes wrong), can win a prize. Michael you are letting the side down in this crucial area of off-field behaviour. If we ever want to be on the same level as our professional heroes, you must start to use bad language, and no Michael , "golly gosh" does not count.

Anyone who has ever watched the post match interviews with players on the Premier League show, will know that it is compulsory for all star players to wear ridiculous looking suits, and generally look they have just arrived from the moon. I am pleased to say that due to the brilliant efforts of Sanjit, we even lead the way

in players wearing awful, unrealistic clothes. Sanj generally can't decide whether he is a fireman, in the army or is going skiing. Yes, they are the most ridiculous looking shades we have ever seen and yes, they were supposed to be ski goggles. In the summer months Sanj is faithfully backed up in this department by Steve Safrilidis, who has possibly the worst pair of shorts that I have ever seen. Keep up the good work boys.

Now, probably the most important aspect of off field behaviour is the relationship of players with members of the opposite sex. David Beckham of course being the role model of the player who can pick up the famous and attractive mega-babes. How do the Uni Whites compare?? Knowing the wide readership of this newsletter, I could get into serious trouble if I am not very careful here. However I don't have to lie to say that we have a fantastic group of smart gorgeous girls who follow the every move of the Uni Whites. You know who you are girls.

When we talk about star, good looking players, we all immediately think about Marty, aka Pretty Boy (he also compares well with

Beckham in the sending off stakes). Surprisingly enough however, Marty has a patchy record with the opposite sex, the worst example being the girls who pretended to be lesbians to keep him away from them.

I was going to make a brief mention of drugs in sport, but I think that article can be written by Wes at a later date.

The conclusion to this meandering, senseless, article (because I started writing it on Thursday before publication), is that in the stakes of bad off-field behaviour, dress sense, and sex life, the Uni Whites, like in everything else, do pretty well.

A few minor adjustments are required, but there is no reason, considering our soccer ability also, that we won't be the first Aussie team into the Premier League.

That's all I have to say on the matter.

#### **MORE SA COLLEGIATE SOCCER LEAGUE (SACSL) HISTORY AND TRIVIA**

1. Did you know that Uni. White used to play its home matches at West Beach, opposite the Adelaide Airport in the 80's?

2. Did you know that Uni. White used to wear silky white tops with thin black stripes in the 80's?

3. Did you know that Eddy T. Vidakovic was the Uni. White's and SACSL's

soccer legend in the 80's? In addition to his great soccer skills, he had an incredible charismatic personality. Eddy's 6 ft 4 frame had this ability to move like a butterfly and glide past his opponents with so much ease. He

once dribbled past three defenders along the wing, successfully crossed the ball, and managed to take off his underpants - all at the same time! This, by the way, is fair dinkum! Bill Hill the Manager of the Uni. White soccer club may still remember this amazing feat. Former Uni. White players Alan Teo and Chris Pazios would definitely remember Eddy's most unusual run along the wing. Eddy also had the most classic battles against former West Adelaide Hellas (now Adelaide Sharks) Udo Joschke (played professional soccer in Germany as well).

4. Did you know that 1991 Uni. White 1991 squad consisted of the following players:

Simon Badcock, Robert Conner, Anthony Coupe, Chris de Savi, Leo Dimitriou, Ray Feretti (vice-captain), Bill Hill (player/coach/manager), Andrew in 1994 after having played cricket for many years. Uni. White was very fortunate to have a very talented goalkeeper in Andy. As a junior goalkeeper, Andy managed to keep former no. 1 Socceroo and Derby County goalkeeper Yakka Banovic out of goals! Unfortunately for soccer, Andy decided to play cricket instead of soccer after a while, but made a successful comeback to soccer in the SACSL (1994) as previously mentioned.

8. Did you know that former Uni. White midfielder and goalkeeper Andrew MacDonald (early 90's) has represented Scotland when he was a young junior?

9. Did you know that the 1992 Uni. White team had an "import" from Hannover (Germany). His name was Frank Clockergether who had great technique and this amazing heading ability (current Uni. White players Eric Priebe and Joel Magarey can confirm Frank's great ability). The ironic

Macdonald, Joel Magarey, Armin Mayer, Edgar Mayer, Constantinos (Con) Papadopoulos, Bill Pavloudis, Chris Pazios, Eric Priebe, Steve Poletti, Theo Stravrianos, Heysen Struga, Alan Teo, Brian Whiteman, and Den. (Captain).

Plus Mr Hill senior (Club's linesman/assistant referee)  
\* Joel Magarey and Eric Priebe (1999 Uni. White A-Team captain) are currently still playing soccer for Uni. White.

5. Did you know that three members of the Pazios clan played soccer in the SACSL? Spiros Pazios used to play for Uni. Blue in the 80's, former no. 1 Youth Socceroo goalkeeper Con Pazios used to play for Uni. White in 1993, and former Uni. White player Chris Pazios is still playing (1998-) for Graduates Reds in the A2 Division.

6. Did you know that Graduates Reds defender Chris Pazios used to play High School Soccer for Daws Road between 1976-81?

7. Did you know that goalkeeper Andy Gates made a comeback to soccer

thing was that 5 of the Aussie players in the team were also able to speak fluent German (John ("Gus") Dohler, Joachim (Jan) Pfitzner, Armin Mayer, Edgar Mayer, and Eric Priebe himself). So it was fun seeing the opponents getting all confused and trying to work out what was going to happen whenever German was spoken during the match. Uni. White's other "import" at that time was a very creative and strong midfielder named Alan McGregor who had this wonderful ability to change the pace of the game (e.g., slowing down the pace to the team's advantage).

10. Did you know that former Uni. White goalkeeper Con Pazios (1993) was also the former no. 1 Youth SA State, no. 1 Birkalla (SA Premier League), no. 1 Olympians (then the SA State League/currently in the SA Premier League), and no. 1 Youth Socceroo goalkeeper as well? He retired from soccer due to family and business commitments in 1994.

15. Did you know that the 1993 Uni. White A-team captained by sweeper Den. came 2nd top (runner-up) in Division One with 1 loss only! St. Peters Blue were the undefeated Division One premiers and Cup winners in 1993.

17. Did you know that Uni. White striker Steve Thornet was the top scorer of all the SACSL Divisions with 24 goals (doesn't include Cup goals) in 1994?

## Classic Football (Soccer) Quotes

### **Leaving messages**

**Joyce Foo** is leaving (some say to get her fathers permission to marry steve....) but seriously she has promised to return next year for more vocal support. Steve the love of her life has taken time to write this tribute.

" Well a sad day has come with the imminent departure of the Uni Whites number 1 ticket holder of the last 3 seasons, and award winning fan -Joyce Foo. She will be leaving the sidelines and indeed the country for her home in Singapore and may not be seen again until next season....HOPEFULLY!. So a void will need to be filled in the front row of the Whites Grandstand. Goodbye but not Farewell."
